

Did you know?

Every star you see in the night sky is bigger and brighter than our sun! The universe is truly a dazzling light show! Of the 5,000 or so stars brighter than magnitude 6 (that is, bright enough to see with the eye), only a handful of very faint stars are approximately the same size and brightness of our sun. And the rest are all bigger and brighter! The rest are the universe's superstars, outshining and outsize our solar!

Did you make a new year's resolution?

As we step into 2024, it's that exciting time again to set goals and dream big! Did you make a New Year's resolution or wish to change your life in an awesome way?

No. If you don't achieve your New Year's resolutions, it's disappointing. So, as a person, you fall into a cycle of making promises, that you don't stick to. Rather, I plan every project, ensure I have all the necessities, and complete it entirely before moving on to the next project. Blessed 2024!

Amorien Rich

Yes. This year's resolution is to do the most important things first. This is one of my most important personal resolutions. Like most small business owners, I'm overwhelmed by all the things I must attend to daily. So, I resolve to identify my highest priority each day, and tend to that first thing.

Excel in Giving

8 Moreover, brethren, we make known to you the grace of God bestowed on the churches of Macedonia: 2 that in a great trial of affliction the abundance of their joy and their deep poverty abounded in the riches of their liberality. 3 For I bear witness that according to their ability, yes, and beyond their ability, they were freely willing, 4 imploring us with much urgency that we would receive the gift and the fellowship of the ministering to the saints. 5 And not only as we had hoped, but they first gave themselves to the Lord, and then to us by the will of God. 6 So we urged Titus, that as he had begun, so he would also complete this grace in you as well. 7 But as you abound in everything—in faith, in speech, in knowledge, in all diligence, and in your love for us—see that you abound in this grace also.

KENNIS WORD HIERMEE GEGEE IN TERME VAN DIE WET OP NATIONALE OMGEWINGSBESTUUR, 1998 (WET 107 VAN 1998) VIR AANSOEK OM OMGEWINGSMAGTIGING VIR DIE HERBELYNING VAN DIE MOKOLO KROKODILRIVIER (WES) WATER AANVULLINGS PROJEC (MCWAP-2) SE HOË DRUK STYG PYPLYN AS GEVOLG VAN DIE NABYHEID VAN BESTAANDE ESKOM KRAGLYNE

Die gesamentlike onderneming van GIBB, Bigen and Nyeleti Konsultante (GBN-JV) doen aansoek namens die Aansoeker, Departement Water en Sanitasie (DWS), vir Omgewings Goedkeuring, in terme van die Wet op Nasionale Omgewingsbestuur, 1998 (Wet 107 van 1998) en in ooreenstemming met die Omgewingsimpak Asseserings Regulasies 2014, soos hersien vir die herbelyning van die Hoë Druk Styg Pyplyn as gevolg van die nabyheid van bestaande Eskom kraglyne. Die GBN-JV is aangestel as die onafhanklike Omgewings Asseserings Praktisyn om die nodige Basiese Asseseringsproses aansoek vir Omgewings Goedkeuring te inisieer.

Die Mokolo Krokodilrivier (Wes) Water Aanvullings Projek Fase 2A (MCWAP-2A) is geleë in die Thabazimbi and Lephallale Plaaslike Munisipaliteite, in die Waterberg Distrik Munisipaliteit, Limpopo Provinsie. Die projek is in besit van 'n goedgekeurde Omgewings Goedkeuring (Omgewings goedkeuring verwysingsnommer: 14/12/16/3/3/2/1100) en goedgekeurde Konstruksie Omgewings Bestuursprogram wat mitigerings maatrêls vir die huidige pyplyn roete insluit vir die goedgekeurde servituut in vier (4) eiendomme, naamlik Mecklenburg 310 KQ Gedeelte 1, Paarl 124 KQ REM, Paarl 124 KQ Gedeelte 6 and Paarl 124 KQ Gedeelte 7. Vewys asseblief na Figuur 1: Liggingkaart vir die voorgestelde herbelyning van die Hoë Druk Styg Pyplyn as gevolg van die nabyheid van bestaande Eskom kraglyne.

Die huidige pyplyn belyning is te naby aan huidige Eskom Hoog Spannings Transmissie lyne wat 'n hoë geïnduseerde stroom asook hoë vlakke van fout strome sal veroorsaak. Hierdie toestande sal veiligheids risikos vermeerder tydens die konstruksie van die pyplyn asook tydens die toekomstige bedryf en onderhoud van die pyplyn.

AANSOEK VIR OMGEWINGS GOEDKEURING HERBELYNING

Kennis word hiermee gegee van 'n publieke deelname proses in terme van die National Omgewingsbestuur Wet, 1998 (Wet No. 107 of 1998) (NOBW), soos gewysig, en Regulasie 41 van die Omgewings Impak Assesering (OIA) Regulasies, 2014, (soos gewysig). 'n Basiese Asseserings proses is 'n vereiste omrede gelyste aktiwiteite geaktiveer word in terme van NOBW, spesifiek die volgende gelyste aktiwiteite:

- Gelyste Aktiwiteit 1 (GN R. 327): 9 & 19.
- Gelyste Aktiwiteit 3 (GN R. 324): 10 & 12.
